

KEUCO

SHOWER LIGHT

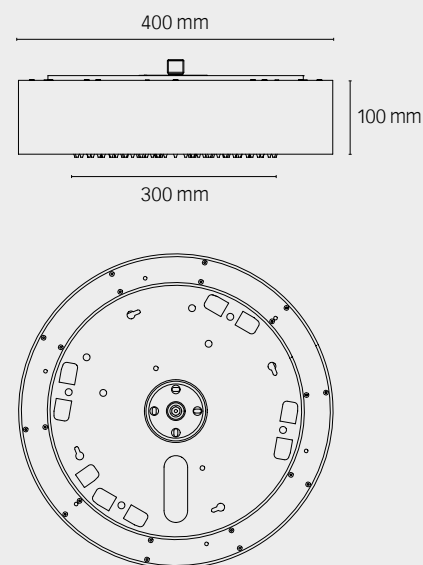

Perfect symbiotic

The KEUCO light shower offers a special shower experience for the senses. In a ceiling light combined with large integrated head shower it perfectly blends the beneficial effects of water and light. To achieve maximum light quality and effect, the KEUCO light shower is equipped with the latest LED technology. With its neutral look in powder-coated aluminium, it is at home in bathrooms of all kinds. Its white finish allows harmonious integration in the overall bathroom design.

The light shower can be finely adjusted from daylight white to warm white and dimmed to suit the time of day and mood. When used in combination with IXMO fittings, a modern bathroom look is created that stimulates the senses.
