### KEUCO BLACK SELECTION

#### **Powerful accents with black matt bathroom accessories**

The interior is consciously staged – more and more. Especially the details get more attention, because they give that special touch. In bathroom design, high-quality bathroom accessories are part of a coherent overall picture. BLACK SELECTION – the black matt bathroom accessories made by KEUCO – sets striking accents in the bathroom: noble, elegant and extravagant at the same time. In combination with light tones in the interior design, BLACK SELECTION comes to its own particularly powerful and perfect fruition.

The deep black, silk matt surfaces of KEUCO products captivate with their special colour brilliance, which nicely round-off the bathroom with a luxurious touch.

A special lacquer coating makes them insensitive, durable and easy to clean – not only ideal for private bathrooms, but also for object furnishings. The velvety-matt surface is extremely pleasant where haptic is concerned. BLACK SELECTION can be used in all areas of the bathroom.

At the washbasin, the black matt lotion dispenser impresses in design and function. In addition to the compact design language, it convinces with its practical one-hand operation and the easiness when it comes to refilling.

The glass holder with genuine crystal glass for the toothbrush should not be missing at the washbasin. The towel holders are available in single and double arm versions with different projections for an individual bathroom design.

## PRESS INFORMATION

The black matt slim cosmetic mirror sets the final touch to the black-accented bathroom design at the washbasin. It can be adjusted to three dimensions and offers two mirror surfaces: an unenlarged side and a mirrored surface with 5-fold enlargement.

Thanks to their strong wall mounting, all KEUCO accessories guarantee comfortable use and durability.

There are three different models of toilet paper holders to choose from for use in toilet areas. They are functional and sophisticated: BLACK SELECTION toilet paper holders are available as an open model, with a lid or with a fixed cover that also serves the purpose of a shelf. Matching in design, the black matt toilet brush set rounds-off the picture around the toilet area.

The KEUCO BLACK SELECTION range offers a comprehensive choice of products for the entire bathroom. In the hook segment alone, there are three variants, including one with an integrated door buffer. The sturdy grab bar offers support at the bath and the black matte bath towel holder ensures that the towels are always at hand. The BLACK SELECTION impresses with black matt shower shelves in the shower.

KEUCO BLACK SELECTION offers a modern, and at the same time, coherent range of bathroom accessories and creates extraordinary bathrooms that appear individual and homely – with a touch of extravagance.
